

## **EZGO RXV Dash Installation Instructions**

1) Remove center console

2) Remove screw cover plate on the right and left of the dash

3) Remove the bottom trim on the dash

4) Remove inner bottom trim on dash

**5) After removing screw from original dash, install dash peg holder (above) by re-using original screw. The dash peg will be held on the dash by peg holder and O-ring. Screw peg holder onto the golf cart.**

**6) Snap dash into each peg holder by lining up the pegs sticking out of the replacement dash and snapping into place.**

**PERFORMANCE  
PLUS CARTS**  
*Golf Carts, Parts and Accessories*

7) Reinstall lower outside dash trim as shown above, then the project is finished
