INSTALLATION INSTRUCTIONS IN THE FOLLOWING POWERWISE BATTERY CHARGERS 28732G01, 28732G02, 28115G01 – G11

1. Remove the AC plug from the electrical outlet and the DC plug from the vehicle receptacle.
2. Open the Charger Cover (1) by removing screws (2). Retain for installation later.

VIEW A

3. Make a note of the location and color of each wire before disconnecting the wires from the Input Board-Power Control; be sure to connect the wires to the new Input Board-Power Control in the same location that they were removed from.
4. Remove the Input Board-Power Control (3) by removing the spacer supports (4). Discard the old Input Board-Power Control (3) and retain the spacer supports (4) for installation of new Input Board-Power Control (3).
5. Installation is in the reverse order of removal.
